Excerpt from Annals of Annapolis: Comprising Sundry Notices of That Old City From the Period of the First Settlements in Its Vicinity in the Year 1649, Until the War of 1812; Together With Various Incidents in the History of Maryland

Being in possession of some original letters from general W'ashington and a few other distinguished men of his day, which it is believed have not hitherto been published, they are placed in an Appendix to this volante, and perhaps will form the most interesting part of it.
