A pop superstar since the age of eleven, Michael Jackson went on to earn enormous wealth and international adoration. But by the 1980s, things had already begun to get weird, what with Michael's bizarre facial reconstructions and skin bleaching, his odd preoccupations and phobias, and his unhealthy obsession with young boys. Before the eyes of the world, Michael Jackson was unraveling, culminating in his shocking indictment on child molestation charges. **FREAK!** is the riveting, no-holds-barred story of the rise and fall of a true American icon -- a blazing star who spun madly out of orbit.
