## The Papers of General Nathanael Greene: Vol. I: December 1766 to December 1776

The papers--letters and documents received by Greene as well as those sent by him--are carefully edited and fully annotated. The editors reproduce many items in full but abstract papers that are of lesser significance. Greene, who served as quartermaster general of the army and later as commander of the forces fighting in the southern theater, is generally considered the ablest of Washington's generals. His papers are a vital source of information on the war itself as well as on the man.
