This valuable drug reference provides detailed information on 300 of the most commonly prescribed drugs. It also includes drugs that are prescribed or used in a dental practice. It features a separate drug classifications section that gives an overview of each class of medication as well as a listing of individual drugs and how they differ from the classification section. The reference also includes a section of the FDA categories of pregnancy, and a section on antibiotic prophylaxis for bacterial endocarditis. This comprehensive reference guide is an invaluable tool for all dental professionals.
