What is Situationism?: A Reader

This anthology gathers together a broad range of critical material about the Situationist International. The texts run sequentially according to date of original publication, thereby providing an overview of the way in which situationism has been historicised in the Anglo-American world. A wealth of historical and interpretative information is provided by various contributors. This plurality of voices ranges from underground legends to art theorists, ultra-leftists to professional academics, whose opinions blend and clash to provide a book that is far more vibrant than a conventional monograph. Contributors include Sadie Plant, Chris Gray, Bob Black, Alastair Bonnett, Stewart Home, Jean Barrot and George Robertson.
