Sons of the Wolf (Volume 1) Paula Lofting

On the battlefield, Wulfhere fights for his life but elsewhere the enemy is closer to home, sinister and shadowy and far more dangerous than any war. 1054, pious King Edward sits on the throne, spending his days hunting, sleeping and praying, leaving the security of his kingdom to his more capable brother-in-law Harold Godwinson, the powerful Earl of Wessex. Against this backdrop we meet Wulfhere, a Sussex thegn who, as the sun sets over the wild forest of Andredesweald, is returning home victoriously from a great battle in the north. Holding his lands directly from the King, his position demands loyalty to Edward himself, but Wulfhere is duty-bound to also serve Harold, a bond forged within Wulfhere's family heritage and borne of the ancient Teutonic ideology of honour and loyalty. Wulfhere is a man with the strength and courage of a bear, a warrior whose loyalty to his lord and king is unquestionable. He is also a man who holds his family dear and would do anything to protect them. So when Harold demands that he wed his daughter to the son of Helghi, his sworn enemy, Wulfhere has to find a way to save his daughter from a life of certain misery in the household of the cruel and resentful Helghi without compromising his honour and loyalty to his lord, Harold. Sons of the Wolf is a panoramic snapshot of medieval life and politics as the events that lead to the downfall of Anglo Saxon England play out, immersing the reader in the tapestry of life as it was before the Doomsday Book. With depictions of everyday life experienced through the minds of the peoples of the time; of feasts in the Great Halls to battles fought in the countryside, it cannot help but enlighten, educate and entertain.
