## **The Fire Within (Kell of the Deep Space Corps) (Volume 1)** Bobby Treat

23-yr-old Kell Stark's dream is to captain a ship of the Deep Space Corps, but the Corps hides alien threats — until her cybernetics genius leads to catching Skirrl dragonlords circling Sol System like vultures. If they are not stopped, the Skirrl will mentally enslave the human race. Kell believes she was genetically enhanced in the womb, but she can't get her powerful family to admit it. Shifting sexual preferences don't worry her, but she's often angry and changeable, almost two different people. Vicious telepathic assaults bring her inner conflicts to a head, with shocking results. Aided by a young woman of the Corps and a bionic commando with PTSD and a shadowy past, Kell must save herself and the human race the only way she can — starting with mastering her own mind. She has a fire in her belly; she will not yield.
