This book is a keepsake for you and your loved ones. Something you create and pass down that teaches life lessons based on songs from the 1970's. You personalize and customize the book in several ways. You color the pages that contain life lessons from the songs in pictures and words. Then, you can add your own personal notes to each page and provide your own interpretations of each song. You then pass your completed, personalized book down to a loved one. It is now a didactic keepsake that you and your loved one(s) will cherish. You should then find the time to go through the book with your loved one and listen to the songs and discuss their meanings together. Quality time will not get any better than this! Now, imagine your loved one passing it down to the next generation saying something like: "My father took the time to personally color this book and the life lessons it teaches. Yes – believe it or not - my father actually colored this book!! He also added his personal notes to each page and then he gave it to me. We listened to the songs and discussed their meanings together – it was very cool. I learned so much and now I have added my own lessons and I am passing it down to you." Life Lessons coupled with Life's Special Moments together with your loved ones is what Keepsake Coloring is all about.
