## **Modern Version Failures** Charles Kriessman

This book gives a brief history of the original language texts. It presents the failure of the Gnostic Critical Greek Texts of the New Testament as well as the superiority and excellence of the Traditional Received Greek Words which underlie the King James Bible. The reason for so many doctrinal failures in the modern Bible versions is because they have been based on the fraudulent Greek Vatican and Sinai manuscripts which are loaded with over 356 false doctrinal passages. The New International Version, the New American Standard Version, The English Standard Version and the Contemporary English Version are used to demonstrate the doctrinal failures of modern versions. Peter Ruckman's false textual position on inspiration is refuted.
