**Are you tired of losing at poker? Do you wish you knew how to play better?**

Whether you want to (1) know how to calculate odds **the right way**, (2) use body language and your opponents' "*tells*" to your advantage, or (3) **win bigger pots with more frequency**, then this is the book for you!

**Stop wishing and start winning.**

If you are looking for practical techniques on winning at poker and coming out ahead more often, then look no further. Poker is a tricky game and if you aren't using professional strategies, then prepare for a lot of heartache and that terrible sinking feeling as you walk away from the table a loser. However, if you want to **win**, you can choose from a host of practical strategies that will make a real difference. This book covers a wide variety of strategies, techniques, and methods that you can easily use to greatly improve your poker game!

**Psych 'em out.**

In the following pages you will discover a large variety of psychological tactics that you can use to help predict what your opponents are thinking and even map out their next plays. You will learn proper betting strategies, great bluffing tips, along with gaming strategies that will allow you to take advantage of the game mechanics, just like the professionals do. You will also get tips from world class poker players who have won millions of dollars so that you can take advantage of their thousands of hours of gaming experience.

**Even the odds.**

Learn the odds of success for a particular hand and choose your best playing style to maximize your winning potential. I'll explain why certain hands are more powerful than others. I'll also show you the **best styles of poker play** and then show you how to incorporate them into the game with the style that fits your personality and game play the best. You will also discover certain situations that will arise during game play and from reading this book you will be armed with the knowledge of what play style works best for that particular scenario so that you can win more often.

**Place your bets wisely.**

Learn proper betting strategies, great bluffing tips, along with gaming strategies that will allow you to take advantage of the game mechanics, just like the professionals. Learn the three key questions to ask yourself before you place a bet. Once you've placed your bet, learn the specific situations when raising can give you a strategic advantage and the situations when you do not want to raise. I have also provided advice on great betting strategies that are excellent for online play.
