On a spy mission for Freeland, Whit is almost safely home when the brutal forces of Elysium find her. When a battered and destitute farmer comes to her aid, Whit can't leave the woman to a certain death, setting in motion a homecoming that is anything but safe. Whit's feelings for Amelia complicate their return, especially when the other women of Freeland are wary of Amelia - who may not be the simple farmer she seems.

There are answers in Amelia's haunting dreams, but those are as deep as the secrets that surround Isis, a colony mysteriously destroyed by Elysium forces. The ruins of Isis hide an adversary Whit has never faced before, one whose plans for Freeland have been dormant for ten long years and whose hatred of the women of Isis lingers from a distant past.

The year is 2093. Isis is only a memory, but the future survival of Freeland depends on remembering...

Return to Isis is the first book in Jean Stewart's beloved science-fiction series, and was shortlisted for a Lambda Literary Award.
