Slaves of Our Affection: The Myth of the Happy Pet Charles Danten

This provocative exposé puts our most revered interactions with animals under the microscope. Meticulously documented, it raises poignant questions about the nature of our relationships with animals, and reveals little-known aspects of the industry behind it all. Pet food manufacturers, pharmaceutical companies, veterinarians, shelters, humane societies, animal activists, factory farms, and many more are at the core of a subtle exploitation that operates under the guise of love and compassion.
