Satanic Revolution: A Sorcerer's Manual, Part III (Part 3) Michael Sartin

Herein these glimmering pages, the Innermost-Self shall rise up from the ebon World of Arcadian *lies*, in which we are all born into, to speak to *you*, the Rare and the Bold, the Feral Few, to thus Awaken thy inner-mind into higher states of evolution through the understanding of crucial *elements* that are indeed paramount, if Self-evolution is so desired. These *elements* shall comprise the very tools, which galvanize and sustain the *Satanic-Force*... so that you, the great Satanic Sorcerer, can properly apply, manipulate, shape, and direct the essence of life (*life-force*,) into a world of formation, actuality, and realization.

Yet, this tome also discloses other matters not pertinent to this particular subject, and most certainly shall these glimmering pages endow lucidity and utmost understanding upon the very *force*, that which is responsible for the Awakening of the Sorcerer into a state of realization; *a realization of his desired future tomorrows made manifested*. Through this Awakening, he shall thus see his ultimate desires extricate out into the world of what many call, reality: the very world in which is often misinterpreted as being *fixed*, *immutable*, and *exterior*. But in *here*, the Sorcerer will come to a revolutionary realization through proper, and more useful perspectives, that this *world* in which many call *reality*, is not as it seems, but quite amorphous, interchangeable, volatile, and is only *within*. For the only reality that is, lies within the very *core* of the Sorcerer. There is no other.
