The HuCow adventures continue in this trilogy of short stories that follow an unfortunate wife's conversion to the milking herd and heroine Lucy's journey back from HuCow to joining the management: Lucy's Return. Investigative reporter Lucy stumbled on Dr Felton's milking operation and unwittingly became one of its star milking cows. Shipped to a 'dairy farm' in the States, she had just settled into her sedate new life when a tornado led to her unwitting escape and withdrawal from the effects of Formula X. She now had an opportunity to track down Felton and finally close his immoral operation down. Milking The Wife. Dr Gary Felton's milking operation was booming. He had established the whole business after developing the chemical Formula X which caused lactation in young women and had the interesting side effects of massively increasing their libido and decreasing their IQ. A falling out with his wife led Gary to use the Formula on Sally and he now had the challenge of keeping her milked and sexed at home. Lucy's HuCow Mission. Investigative reporter cum HuCow escapee Lucy was back, but on her own terms. Tempted back into a life of milking and highly charged sex, she ensured the deal she cut allowed her complete autonomy and a chance to make a difference as a HuCow welfare worker. Visiting all of the girls that had been converted, trained and sold by Dr Felton was great to ensure they were being well looked after but it also exposed her to a risk she hadn't considered. While watching the young HuCows being milked and pleased, how would she keep her own rampant hormones under control?
