"What was the truth they were hiding from us?" Now that Wikileaks has documented the Democrat leadership lies on a daily and hourly basis - with apparent approval from the Republicans - the first question on any honest person's mind should be "What was the truth they were hiding from us?"

"Atlas Shouts" was written three years ago for the moment when everyone woke up to the fact the media was widely misleading everyone. The book is a powerful "60 Minutes"-style narrative of the decay of social decorum and economic policy, a powerful, fun to read book, written and organized in a manner which the common citizen can understand and digest quickly. Clever summaries and quotes abound, to help remember the truths exposed within.
