Geocaching is an outdoor recreational activity, in which participants use a Global Positioning System (GPS) receiver or mobile device and other navigational techniques to hide and seek containers, called "geocaches" or "caches", anywhere in the world. Once you get started - you're hooked! And now you have a perfect tool to record those easy (and sometimes not so easy) finds. As you travel from cache to cache, use this journal to record your finds and as place to record those memorable moments geocaching. This log allows you to record: * Your geocache finds. * Location of the cache * Ratings for Difficulty and Terrain * The weather * Trackables you may find in caches. There's also space to record those special observations or memories while search for the cache.
