Just-in-Time Manufacturing: Proceedings of the 3rd International Conference 14-15 June 1988, Frankfurt, W.Germany

The first two international conferences on this series established themselves as the leading international forum on Just-in-Time Manufacturing for senior executives from around the world. The successful implementation of JIT methodologies requires totally integrated chains of information and materials supply. It also implies far-reaching structural changes within the individual company and considerable adjustments in inter-company relations. And it necessitates a new educative process among both management and employees as old ways of thinking become redundant.
