When some see a Vampire, they see glamour... and power. When others see a Vampire, they see only a monster. For either, there is usually only death. An exquisite craving for the blood of mortals and the mesmeric presence of a top predator makes them both feared and desired. Once there were no Vampires. Now they exist, to prey upon the living with powers and immortality undreamed of. But who knows the tragedy in their pasts - or their existence? This short companion book to the Chaoswar Trilogy, set in the world of *The Serpent Calls* and *Notes on Dragons*, is the story of their genesis. Their macabre fate. Their tragedy. The story of the First.
