Nursing Ethics through the Life Span (4th Edition)

Elsie Bandman Ed.D, Bertram Bandman BS MA Ph.D.

Nursing Ethics through the Life Span (4th Edition) Elsie Bandman Ed.D, Bertram Bandman BS MA Ph.D.

Using philosophical guidelines—and applying these guidelines throughout a patient's lifespan—this text assists readers in making ethically sound choices in nursing. It explores both traditional and contemporary ethical theories and acknowledges changing trends in the health field, incorporating issues such as managed care. Includes clinical case studies within each chapter. Incorporates a new organization in Part Two, in three sections entitled "Developmental Highlights," "Issues and Problems," and "Morally Reasoned Nursing Interventions." Provides new "What if?" questions throughout to help apply theory to real events. Offers extensive analysis of euthanasia and assisted suicide. Includes thorough coverage of the HIV/AIDS epidemic and its moral complexities. Discusses organ transplantation and experimental medical treatments in ethical context. Ideal for practicing nurses looking for a reference on professional ethics.
