The History of British Mammals (A Volume in the Poyser Natural History Series) Derek W. Yalden

This book documents the history of the British mammal fauna over the last 15,000 years or so, combining information culled from the zoological, archaeological and palaeontological literature. In the process, a large number of myths, perpetuated from the previous book on this subject, written 117 years ago, are dispelled.

Key Features

- * The only recent discussion of this fascinating subject
- * Expert author, focuses on the last 15,000 years, since the last Ice Age
- * Covers, extinct, surviving and introduced elements of the British mammal fauna
