## **Pulp Fascism** Jonathan Et Bowden

About Pulp Fascism: "Jonathan Bowden said that greatness lies in the mind and in the fist. Nietzsche combined both forms in the image of the warrior poet. For Bowden it was the image of the cultured thug. I give you Jonathan Bowden: cultured thug." -Greg Johnson, from the Foreword "Jonathan Bowden was uniquely gifted as a cultural critic and revisionist, willing to explore the obscure areas of high and low culture, and apply ideas from the former to the analysis of the later, starting always from the supposition that inequality is a moral good. Bowden's texts are dense and rich with reference and insight, yet remain entertaining and replete with humor." -Alex Kurtagi? "Many men give speeches; Jonathan Bowden gave orations. To experience one of Bowden's performances must have been something like hearing Maria Callas in her prime or witnessing one of Mussolini's call to arms from a Roman balcony. "As an intellectual, Jonathan was a Renaissance man, or perhaps a bundle of contradictions: his novels and paintings were of Joycean complexity, and yet, in his orations and non-fiction writings, he was able to cut to the essence of a philosophy or political development in a way that was immediately understandable and, indeed, useful for nationalists. "Pulp Fascism could be called Bowden's 'unfinished symphony'- his attempt (not quite realized) to reveal the radical, ambivalent, and, in some cases, shockingly traditionalist undercurrents in pop culture. "That which envelops our lives is taken for granted . . . and thus rarely properly analyzed and understood. Bowden brings new life to those characters and comic-book worlds we too often dismiss as child's play." - Richard Spencer About the Author Jonathan Bowden, April 12, 1962-March 29, 2012, was a British novelist, playwright, essayist, painter, actor, and orator, and a leading thinker and spokesman of the British New Right. Born in Kent and largely self-educated, Bowden was involved with a series of Right-wing groups for which he was a popular speaker, including the Monday Club, the Western Goals Institute, the Revolutionary Conservative Caucus, the Freedom Party, the Bloomsbury Forum, the British National Party, and finally the New Right (London), of which he was the Chairman. Bowden was a prolific author of fiction, philosophy, criticism, and commentary.
