Many Americans believe that this nation is going in the wrong direction and they are fearful about the final destination. Just a few years ago America was considered the greatest economic and military superpower in the world. America was not only rich but was also considered good, a nation that helped others in times of need, even their former enemies. What happened? How did America get on the wrong road? How do we get back on the right road? This book reveals the struggle between good and evil; between those who stand for freedom and those who would like to enslave us; between those who want to live in a free society and those who want to rule over us in a new world order. We have no doubts about which side will win, read the book and you will have the answer for yourself.
