Memories Lost In Time: Ben travels back in time to the one day missing from his otherwise perfect memory jj Harlyn

When Ben's friend Hope tells him about her theory of time-travel he assumes it's all part of an elaborate prank. At first he dismissed the idea as fantasy, but when his family's financial problems threaten to derail his plans for the future Ben is forced to reconsider the possibilities. Ben's photographic memory makes him the perfect subject for Hope's dangerous experiment. Risking everything, he and his friend William hatch a plot for Ben to travel back just two days and secure the wealth they both need so desperately. But when the time-travel experiment goes awry, Ben wakes up in his freshman dorm, just as a naked woman emerges from his roommate's bed. To make matters worse he's traveled back to the one day missing from his otherwise perfect memory. Will Ben's visit to the past alter his current reality? Or is the "Butterfly Effect" nothing but an illusion? Join Ben on his journey back in time where he must once again face the roommate from hell. And who is that mysterious young woman that will rock his world.
