## **Organic Marijuana, Soma Style: The Pleasures of Cultivating Connoisseur Cannabis (Marijuana Tips) Soma**

A breeder of international fame, Soma is synonymous with earth-friendly grow techniques and an appreciation for the healing qualities of marijuana. Now in his first-ever book, this sage of the marijuana scene shares his methods and philosophy with a collection of his best works, all-new essays and stunning photography.

Soma offers detailed advice for every stage of growing organically: selecting seeds and mother plants, making clones, creating one's own soil mix, using organic pest control and knowing the best time for harvesting. With these instructions, gardeners of all levels can learn to grow marijuana with the sublime qualities and subtleties of flavor and effects that have made this breeder legendary. Sixteen pages of Soma's lush full-color photography help to showcase his methods and varieties.

Much like organic food has become increasingly popular through a heightening of awareness, Organic Marijuana raises consciousness about growing an outstanding crop of marijuana while respecting both environmental and individual health.

This second book in the Marijuana Tips series continues to present the tips and techniques that only expert growers can provide.
