Almost twenty years before the beginning of the Victorian Age, Percy Bysshe Shelley faced, with intellectual honesty, those social and economic problems which were to become the major issues confronting Victorian writers. Recognizing the need for society's readjustment to an industrially revolutionized world, he insisted upon a general rejection of conventions, traditions, and institutions which were not in accord with a logical appraisal of truth.

Includes Index.

Roland A. Duerksen is also the author of 'Shelley's Poetry of Involvement.' He edited Shelley's drama, 'The Cenci.' Professor Duerksen has taught at Purdue University in Indiana and Miami University in Ohio.
