You've just been asked to join an alien, a Sun God from another dimension, and Albert Einstein in a secret government plot to restore order to the time continuum. What are you going to do next? Go to Disneyland, of course... Pepper's Ghost is a tongue-in-cheek look at society, relationships, time travel, important issues like war, evolution, and vegans, and a lot about cows. And aliens. And physics. But mostly cows. Readers have said: "Holy crap, what an entertaining book!" "I really, really, really, reeeeeeely liked it." "Everything ties together so perfectly. The story never slows down..." "Every time I thought it couldn't get weirder, the rules would change and it would all blow up in my face again. Loved it!" "Pepper's Ghost - A Planet of the Cows story about the consequences of conflicting timelines, complete with a surprise ending. And a surprise middle. There were surprises around every corner. And corners around every surprise." If you buy a copy today, you can receive a free digital CD of original music! Check www.c7music.net for more details!
