Bang Iceland is a travel guide that teaches you how to sleep with Icelandic women while in Iceland without having to go to strip clubs or pay for escorts.

Here's what you'll find inside...

- Advice on the time of year to visit
- Description of the "village-like feel" of Iceland and what this means to you when it comes to banging the women
- Why you should only visit Reykjavik and not bother with other cities (if all you want to do is get laid)
- The type of lodgings and materials you'll need to maximize your chance of getting one-night stands
- How to do Iceland on the cheap (I share how I kept my expenses down to \$60 a day while having my own apartment)
- The low-down on the drinking culture: most common liquors, typical prices, and Icelandic drinking customs

Most of the book is dedicated to the women. You'll read...

- A description of an Icelandic girl's appearance, body shape and size, personality, and vibe
- How to deal with an Icelandic girl's skeptical, non-flirtatious, shy, and feminist nature
- The two qualities that Icelandic girls use to pick a man for sex
- A detailed breakdown of the five types of Icelandic girls, and which is the easiest to get into the sack
- How many approaches you'll likely have to do in order to bang an Icelandic girl
- How to set up meetings with girls on Iceland's biggest dating site before you even arrive (I share a message template so all you'll have to do is copy-and-paste)

You must experience Iceland's nightlife. I share...

- A complete breakdown on how to get bangs at night, including the time you should head out the door to run game
- How the American one-night stand culture is completely different from Iceland's
- How to run "last call" game, a method that leads to the most amount of fast sex
- My favorite opener to use on Icelandic girls
- The best way to answer their most common questions, such as "What are you doing here?" and "How long are you going to stay?"
- How to hit her with the "guilt" routine, which takes her out of her typical shy and skeptical shell
- Why using long, witty, and fun conversation is a poor method to seducing Icelandic women (I teach you tactics that are simpler and more effective)
- Why you shouldn't try to kiss an Icelandic girl in the bar
- How to perform the afterparty move, the most valuable tool in your last call game repertoire
- Your hail mary move if you have no prospects and all the bars are closed, a tactic that doesn't work in the United States but leads to sex in Iceland
- Why Iceland doesn't have a dating culture, and what that means if you don't get the one-night stand

The book has you covered with topics you may not have considered...

- How to reapproach Icelandic girls that you keep running into

- Notes on how you'll be perceived based on your race
- A depressing description of Icelandic guy game that should make you feel better about yours
- What type of clothing to pack for what is one of the most stylish countries in the world

I wrap the book up with stories and logistical information. You'll read...

- 6 short stories that offer additional insight and information to Icelandic culture, including humorous examples of having sex with Icelandic women
- Tourist breakdown of Reykjavik, where I explain my favorite daytime spots and tours
- List of the 13 best bars and clubs to meet Icelandic women, including the bar that I proclaim as the easiest place to get laid in Reykjavik
- A rundown of the types of nature and adventure tours you can take while in the country

The 80-page book is organized into five chapters...

1. **Welcome To Iceland:** City background and logistics
2. **Girls:** How they look and act
3. **Game:** How to pick them up and sleep with them
4. **Stories:** Six short stories from my time in Iceland
5. **Reykjavik:** Details on the capital city

Bang Iceland aims to be a must-read for any Western man who wants to sleep with an Icelandic woman while visiting the country.
