Chicken Poop for the Soul: Backyard Adventures Teri Metcalf

This book is about backyard chickens. After several years of enjoying the neighbor chickens, the author and her husband decided to raise some of their own. She describes what they did, how they did it, why they chose to let their chickens be free-range, and how it's working out. Based on several years of observation, she talks about the pecking order dynamics and chicken behaviors towards one another, other animals and people. She also describes the natural progression from her longtime interest in whole foods to raising chickens and vegetables on their one-acre piece of land in College Station, Texas.
