Social Media and the Value of Truth Berrin Beasley, Mitchell Haney

Social media is ubiquitous. From Facebook and Twitter to YouTube, the blogosphere, and Massively Multi-Player Online Role-Playing Games, people have plugged into numerous online venues for social, intellectual, and leisure activities. The pervasiveness of social media calls for ethical reflection, and one of the most pertinent values at stake is that of truth. Current figures estimate there are more than 1 billion social media users worldwide with the ability to connect with people who share similar interests, to present themselves as experts on anything and everything no matter their qualifications, and to contribute the types of factual information formerly limited to professional communication outlets such as news agencies. It's this wide-ranging definition of truth that demands evaluation of the myriad ways social media affect society. This volume does just that by collecting insights from leading experts in the communication and philosophy disciplines as they examine a variety of issues related to the value of truth in the realm of social media.

From reader reviews:

Larry Parker:

Inside other case, little men and women like to read book Social Media and the Value of Truth. You can choose the best book if you want reading a book. Provided that we know about how is important a new book Social Media and the Value of Truth. You can add know-how and of course you can around the world by just a book. Absolutely right, since from book you can learn everything! From your country until eventually foreign or abroad you will find yourself known. About simple issue until wonderful thing you may know that. In this era, we could open a book or perhaps searching by internet system. It is called e-book. You can use it when you feel fed up to go to the library. Let's examine.

Robert Clift:

Your reading 6th sense will not betray you, why because this Social Media and the Value of Truth guide written by well-known writer whose to say well how to make book that could be understand by anyone who have read the book. Written inside good manner for you, leaking every ideas and composing skill only for eliminate your personal hunger then you still doubt Social Media and the Value of Truth as good book but not only by the cover but also by content. This is one publication that can break don't evaluate book by its handle, so do you still needing a different sixth sense to pick this specific!? Oh come on your studying sixth sense already told you so why you have to listening to a different sixth sense.

Patricia Gagliano:

In this era which is the greater man or who has ability in doing something more are more valuable than other. Do you want to become considered one of it? It is just simple strategy to have that. What you should do is just spending your time almost no but quite enough to enjoy a look at some books. One of many books in the top checklist in your reading list is definitely Social Media and the Value of Truth. This book and that is qualified as The Hungry Slopes can get you closer in becoming precious person. By looking up and review this guide you can get many advantages.

Ryan Harrison:

As a university student exactly feel bored for you to reading. If their teacher questioned them to go to the library or make summary for some reserve, they are complained. Just tiny students that has reading's heart and soul or real their passion. They just do what the trainer want, like asked to go to the library. They go to there but nothing reading very seriously. Any students feel that examining is not important, boring along with can't see colorful photographs on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this period, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. So , this Social Media and the Value of Truth can make you feel more interested to read.
