## **The Ground Has Shifted: The Future of the Black Church in Post-Racial America (Religion, Race, and Ethnicity)** Walter Earl Fluker

If we are in a post-racial era, then what is the future of the Black Church? If the U.S. will at some time in the future be free from discrimination and prejudices that are based on race how will that affect the church's very identity?

In *The Ground Has Shifted*, Walter Earl Fluker passionately and thoroughly discusses the historical and current role of the black church and argues that the older race-based language and metaphors of religious discourse have outlived their utility. He offers instead a larger, global vision for the black church that focuses on young black men and other disenfranchised groups who have been left behind in a world of globalized capital.

Lyrical written with an emphasis on the dynamic and fluid movement of life itself, Fluker argues that the church must find new ways to use race as an emancipatory instrument if it is to remain central in black life, and he points the way for a new generation of church leaders, scholars and activists to reclaim the black church's historical identity and to turn to the task of infusing character, civility, and a sense of community among its congregants.
