In this work entitled Bible vs Socialism vs Capitalism and The Right to Bear Arms the author concisely takes us into the Scriptures to show if they really support the political systems categorized as Socialist and Capitalist; together with a committed chapter on the biblical and natural right of all human beings, including those who hope every day in the promises of the Savior, to defend themselves and their families by carrying arms and using them if deemed it necessary. Both political systems and its fervent supporters claim for themselves several Scriptures that—according to them—argue and uphold the theory that Jesus, the only begotten Son of the Creator, was in the narratives of the New Testament an inveterate Marxist; or about the Bible in general is a suchlike manual as a detailed map revealing the free market that drives the financial capital, which undoubtedly will bring the great prosperity we certainly need. Is this true?
