Poetry. This nearly 600-page anthology brings together seminal work in the genre of the pastoral as it has evolved into the 21st century. The book's sections on New Transcendentalisms, Textual Ecologies, Local Powers, and The Necropastoral indicate the range of work being represented. Featuring some of the most provocative and innovative poets of the current moment, this anthology has been curated not only with an eye to an exhilarating reading experience, but to the literature and creative writing classrooms as well. An accompanying web site with a teachers' guide will make this volume especially valuable for students and teachers.
