The Garden at the Edge of Beyond Michael Phillips

In a storytelling style reminiscent of his literary mentors, C. S. Lewis and George MacDonald, Phillips explores the unseen world through the perspective of the past and the future.

"I found this fantasy palpably real, cutting to the heart of true spirituality: the giving up of self in the daily choices of life. This little book does the best job of anything I've read so far at defining that sticky paradox of both losing and finding ourselves."

John Fischer, Musician and Author

(Real Christians Don't Dance and others)
